**WHAT DO YOU THINK?**  
(Entry from: [Who Accepts Competitor Coupons](#))

*Walmart, I have found accepts competitor coupons from other stores and honors the prices listed in their weekly sales fliers if you bring them in. I have also noticed that most times Walmart's prices are usually cheaper. The downside, though, is they do not double or triple coupons. Does anyone know about other stores? Does Randalls or Kroger match prices?*
